No	Test Scenario ID	Function/Test Scenario Name	Test Category	Pre-Condition	Test Case ID	Test Case	Test Case Description	Steps	Steps Description	Expected Result	Actual Result	Status (Pass/Fail/ Not yet)	Notes
1	TS_Access_001	User Access	Positive	User successfully open website. https://deployed-five.vercel.app/	TC_Access_001_001	User wants to access web page	To ensure that users can access the web page	1	User open chrome browser	search field appears	as expected result	Pass	
								2	User accesses link. https://deployed-five.vercel.app/	Appear home page	as expected result	Pass	
2	TS_Access_001	User Access	Negative	User successfully open website. https://deployed-five.vercel.app/	TC_Access_001_002	User wants to access web page without connection	"To ensure that users can accessing web pages without using a connection"	1	User open chrome browser	search field appears	as expected result	Pass	
								2	User accesses link. https://deployed-five.vercel.app/	Appear text "No Internet"	as expected result	Pass	
3	TS_Register_002	User Register	Positive	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_001	User wants to register using correct fullname, email and password.	To ensure that user can register after input correct fullname, email and password	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input full name "agam aprianto"	fullname is verified	as expected result	Pass	
								3	User input email address "agamaprianto@gmail.com"	Email is verified	as expected result	Pass	
								4	User input password 'agam1234'	Password is verified	as expected result	Pass	
								5	User click button 'Daftar'	appears alert successfully registered	as expected result	Pass	
4	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_002	User wants to register using a registered email and correct fullname & password	To ensure that users can register after input email that was once registered and correct fullname and password	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input fullname "agam aprianto"	fullname is verified	as expected result	Pass	
								3	User input email "agamaprianto@gmail.com"	Email is verified	as expected result	Pass	
								4	User input password 'agam1234'	Password is verified	as expected result	Pass	
								5	User click button 'Daftar'	appears alert email already registered	as expected result	Pass	
5	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_003	User wants to register use the correct fullname, email, and password less than 8 characters	To ensure that users can register after input email that was once registered and correct fullname and password less than 8 characters	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input fullname "agam aprianto"	fullname is verified	as expected result	Pass	
								3	User input email "agamapri@gmail.com"	Email is verified	as expected result	Pass	
								4	User input password 'agam12'	Password is verified	as expected result	Pass	
								5	User click button 'Daftar'	appears alert successfully registered	not responding to anything	Failed	should not be able to enter a password less than 8 characters
6	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_004	User wants to register with an empty fullname field, correct email and password	To ensure that users can register with an empty fullname correct email and password	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User empty fullname field	fullname is empty	as expected result	Failed	should enter name in the name field
								3	User input email "agamapr@gmail.com"	Email is verified	as expected result	Blocked	
								4	User input password 'agam1234'	Password is verified	as expected result	Blocked	
								5	User click button 'Daftar'	appears alert please fill in your name	as expected result	Blocked	
7	TS_Register_002	User Register	Positive	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_005	User wants to register use the correct full name, email and password use special characters	To ensure that User can to register use the correct full name, email and password use special characters	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input full name "agam aprianto"	fullname is verified	as expected result	Pass	
								3	User input email address "agamaprianto@gmail.com"	Email is verified	as expected result	Pass	
								4	User input password '!@#$%^&*'	Password is verified	as expected result	Pass	
								5	User click button 'Daftar'	appears alert successfully registered	as expected result	Pass	
8	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_005	User wants to register with an empty email field, correct fullname and password	To ensure that user can to register with an empty email field, correct fullname and password	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input fullname field "agam apri"	fullname is verified	as expected result	Pass	
								3	User empty email field	Email is empty	as expected result	Failed	should enter email in the email field
								4	User input password 'agam1234'	Password is verified	as expected result	Blocked	
								5	User click button 'Daftar'	appears alert please fill in your email	as expected result	Blocked	
9	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_006	User wants to register with an empty password field, correct fullname and email	To ensure that user can to register with an empty password field, correct fullname and email	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User input fullname field "agam apri"	fullname is verified	as expected result	Pass	
								3	User empty email field	Email is verified	as expected result	Pass	
								4	User input password 'agam1234'	Password is empty	as expected result	Failed	should enter password in the password field
								5	User click button 'Daftar'	appears alert please fill in your password	as expected result	Blocked	
10	TS_Register_002	User Register	Negative	User successfully open website. https://deployed-five.vercel.app/signup	TC_Register_002_007	User wants to register with an empty fullname field, email and password	To ensure that user can to register with an empty fullname field, email and password	1	User access the browser, https://deployed-five.vercel.app/signup	Appear fullname, email and password form	as expected result	Pass	
								2	User empty fullname field	fullname is empty	as expected result	Failed	should enter name in the name field
								3	User empty email field	Email is empty	as expected result	Blocked	should enter email in the email field
								4	User empty password	Password is empty	as expected result	Blocked	should enter password in the password field
								5	User click button 'Daftar'	appears alert please fill in your password	as expected result	Blocked	
11	TS_Login_003	User Login	Positive	User successfully register email: agamaprianto@gmail.com password: agam1234	TC_Daftar_003_001	User wants to login using correct email and password.	To ensure that user can register after input correct email and password	1	User access the browser, https://deployed-five.vercel.app/login	Appear fullname, email and password form	as expected result	Pass	
								2	User input email address "agamaprianto@gmail.com"	Email is verified	as expected result	Pass	
								3	User input password 'agam1234'	Password is verified	as expected result	Pass	
								4	User click button 'Masuk'	successfully login,website redirects to home page	as expected result	Pass	
12	TS_Login_003	User Login	Negative	User successfully register email: agamaprianto@gmail.com password: agam1234	TC_Daftar_003_002	User wants to login using correct email and incorrect password.	To ensure that user can register after input correct email and incorrect password	1	User access the browser, https://deployed-five.vercel.app/login	Appear fullname, email and password form	as expected result	Pass	
								2	User input email address "agamaprianto@gmail.com"	Email is verified	as expected result	Pass	
								3	User input password 'agam9999'	Password is verified	as expected result	Pass	
								4	User click button 'Masuk'	Appears pop up "Password anda salah!"	as expected result	Pass	
13	TS_Login_003	User Login	Negative	User successfully register email: agamaprianto@gmail.com password: agam1234	TC_Daftar_003_003	User wants to login using incorrect email and correct password.	To ensure that user can register after input incorrect email and correct password	1	User access the browser, https://deployed-five.vercel.app/login	Appear fullname, email and password form	as expected result	Pass	
								2	User input email address "agamaprianto99@gmail.com"	Email is verified	as expected result	Pass	
								3	User input password 'agam1234'	Password is verified	as expected result	Pass	
								4	User click button 'Masuk'	Appears pop up "Akun tidak ditemukan"	as expected result	Pass	
14	TS_Search_004	User Search Product	Positive	User successfully login email: agamaprianto@gmail.com password: agam1234	TC_Search_004_001	User wants to search products with donut keyword on search field	to ensure users can search products with donut keyword in the search field	1	User input keyword "donut"	keyword is verified	as expected result	Pass	
								2	User press 'enter' the keyboard	product found by keyword	as expected result	Pass	
15	TS_Search_004	User Search Product	Positive	User successfully login email: agamaprianto@gmail.com password: agam1234	TC_Search_004_002	User wants to search product by empty keywords in the search field	to ensure user wants to search product by empty keywords in the search field	1	User input empty text in the search field	search is empty	as expected result	Pass	
								2	User press 'enter' the keyboard	product found by emptying search keyword	as expected result	Pass	
16	TS_Product_005	User Negotiate The Product	Positive	User successfully login email: agamaprianto@gmail.com password: agam1234	TC_Product_005_001	user wants to negotiate donut product with correct price	to ensure user wants to negotiate donut product with correct price	1	User click product donut	appears product image,product description, and product offering	as expected result	Pass
